Key Word(s): Grant

POLICY STATEMENT:

The Council for the City of Waterloo is committed to demonstrating financial leadership and sustainability. This policy assists in formalizing a defined and transparent process for the tracking of grant applications and of successful applications.

PURPOSE:

During any given year, the City of Waterloo applies for various grant opportunities that can provide either operating or capital grant funding to supplement or provide additional funding. It is important that the impact of these requests is understood, addressed and approved prior to the grant applications being submitted and that **all grants are reviewed by Finance prior to being submitted to the grant organization.**

Should grant applications be contemplated that require funding by the City of Waterloo or exceed the approved budget, approval must be requested and obtained in advance and in order for the grant application to be submitted. In exceptional circumstances where the timeline does not allow for preapproval, grant applications will be submitted and brought to appropriate approval body (CMT or Council) at the next possible meeting.

Mandatory Policy, *Municipal Act*: No
